GRAHAM HILL ROAD TO BE CLOSED DURING DAYTIME HOURS FOR PAVING TWO DAYS IN OCTOBER

*DETOUR WILL ROUTE MOTORISTS ON LOCKEWOOD LANE
AND MT HERMON ROAD*

WHEN:

Wednesday & Thursday, Oct. 7 & 8 from 8:30 a.m. to 4:30 p.m.

WHERE:

Graham Hill Road will be closed between Roaring Camp Road and Lockewood Lane. A detour will reroute motorists onto Lockewood Lane and Mt Hermon Road. Motorists traveling between San Lorenzo Valley and Santa Cruz also can take Highway 9, which has reopened after several months of road construction.

Access to Santa Cruz County Juvenile Hall, Ponderosa Lodge, Roaring Camp Railroads, Redtree Industrial Park, San Lorenzo Lumber, Summit Road and Grand View Avenue will be provided during the road closure.

WHAT & WHY:

The final paving for Graham Hill Road will be Oct. 7 & 8. These two days will entail full closure of both lanes, northbound and southbound. This is the final paving of the roadway prior to the rainy season. Paving is a key phase of the intertie project, a joint effort between San Lorenzo Valley Water District, Scotts Valley Water District and the Mount Hermon Association. When completed, the intertie project will allow the districts to share water resources in emergencies such as fires and natural disasters.

ABOUT THE SAN LORENZO VALLEY WATER DISTRICT

The San Lorenzo Valley Water District is located in the mountains of northern Santa Cruz County. The district serves more than 7,500 metered connections. Established in 1941, the district supplies water to the communities of Boulder Creek, Brookdale, Ben Lomond, Zayante, Quail Hollow, Scotts Valley, Whispering Pines, Manana Woods and Felton.
